

**HYC Frostbite 2022-2023 Series**  
November 6, 2022 - April 1, 2023  
Huguenot Yacht Club  
**HYC Laser Frostbite Mission Statement**

HYC frostbiting aims to offer great racing and friendly competition during the winter, from November through March. Our priority is to keep our sailors, mark boat drivers, and RC safe. The PRO has the final authority to decide whether racing shall take place on a given day.

Our goal is to promote fair and rule-abiding sailing and to provide a platform for training and developing racing skills at all levels. Sailors are encouraged to sail clean and fast. Aggressive and risky sailing is discouraged because of the cold temperatures, which often aggravate a maneuver gone wrong. Any bullying towards the RC, mark boats, or fellow sailors will not be tolerated.

Anyone failing to observe Rule 2 - FAIR SAILING or Rule 69 - MISCONDUCT will not be scored for the day.
